RESHAPE COLLECTION, MAKE AN IMPACT.

VERSION 1.0

Reshape COLLECTION...

With seemingly endless combination options, the Evolve Series™ offers distinguished style for multi-functional collection.

Whether used as stand-alone containers or grouped together as impressive central collection stations, the Evolve Series™ allows you to create designer-inspired recycling and waste masterpieces.

At Busch Systems, we've been designing quality containers for thirty years and have been a trusted source for bins that are durable, functional and practical. The Evolve Series™ represents the next step in our commitment to provide high-quality, creative solutions for sustainability.

**MAKE AN
IMPACT.**

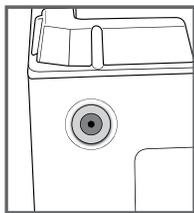

INSPIRE *your sustainable imagination*

T

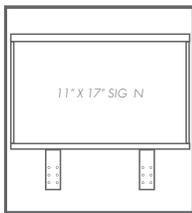

he Evolve Series™ has been created to offer virtually unlimited options with unparalleled style. Leave no niche overlooked with container shapes designed to encourage collection and inspire your sustainable imagination. The Evolve Series™ is just a starting point to your expanding program, visit buschsystems.com for additional container ideas for outdoor spaces, schools, the office and beyond.
